

TO HANDLE HALF-MILLION

'Master Plan' For South County Urged By Independent Businessman Group

A group of independent businessmen last week bluntly told Alameda County officials to wake up and make bold plans to handle half a million new residents in the county's south end by 1970.

The Land Development Committee of Alameda County made the recommendation in a 53-page report to the Board of Supervisors.

Suggested "master plans" for development of both Eden and Washington Township were contained in the report.

They envision Washington Township as an industrial-residential-agricultural complex, supporting a population which the committee estimated would jump 100 percent in the next five years.

The two townships are headed for "unbelievable trouble and confusion unless new growth is directed by forthright, comprehensive planning now," Robert T. Nahas, real estate man and general chairman of the committee, told the supervisors.

The 60-man committee undertook the study and made the report on its own. All are private citizens, and Nahas claims they all have had some type of experience in land use and development.

Local members include Ranchers L. S. Williams and Bruce Michel, Builders James R. Meyer and Dan Bodilly, Banker Carl Christensen, Tire Manufacturer Speed Baker and Schoolman Gus Robertson.

Pointing up the urgency of the recommendation were the population estimates used by the committee in arriving at its conclusions.

In the next five years the committee report declared, Eden Township will increase by 65,000 persons, or 40 per cent, and Washington Township by 25,000, or more than 100 per cent. By 1970, the two townships will have a population estimated at between 500,000 and 600,000.

To provide jobs for these people and the broad tax base necessary to build schools, highways and other necessities of the modern metropolitan area, industry must be sought aggressively, and large areas, protected by zoning, must be provided on which it can locate, the report stated.

At least 5,775 industrially zoned acres will be required by 1973 and 10,500 acres by the year 2000. Land recommended for industrial use adjoins the Eastshore Freeway and the Western Pacific and Southern Pacific railroads and includes Russell City, Newark, Alvarado and Decoto.

Also required will be large (Continued on Page 7)

MASTER PLAN MAP—Land Development Committee last week urged Supervisors to adopt this program for future growth of Washington Township. Dark areas (above) would be reserved for industry, shaded ones for homes. White zones would remain in agricultural use.

'ISLAND' GROWTH HIT

Township Should Be One Unit, Says Land Development Rep't

A dozen classes of recommendations are included in the "master plan" for Southern Alameda County, released last week by the Land Development Committee.

Some of the recommendations:

1. General—Planning for the future should be predicated on the basis of the county as a single, close-knit economic area, rather than on the basis of towns and communities as individual units.

This is at odds with the view generally taken by the County Planning Commission that each existing town and community should serve as separate cores of future growth, and that each should be self-sufficient industrially, residentially and commercially.

2. Industrial — Without industry Alameda County cannot have a stable metropolitan economy, so the committee

recommended at least 5,775 acres of industrial land in the two townships by 1973, and at least 10,500 acres by the year 2000.

Concerning industry, the report warns:

"Alameda County is not so desirable that we can afford to be complacent and assume that we will get our share without an aggressive campaign. We need to recognize that industry is not an inferior type of activity to be located in swamp land or any other area undesirable for other purposes."

To get its share of expanding industry and to meet the challenge of other communities, the committee said, "Alameda County must provide industry with good, high ground of adequate size, located in industrial subdivisions whenever possible, protected by zoning from encroachment by other activities, and readily accessible to highways, freeways and rail facilities."

3. Residential — "Contrary to the views of many people" Washington and Eden Townships should be zoned "as though they were one community so that we will utilize our available land efficiently and suitably."

Areas recommended for residential zoning are located generally between the Freeway and the foothills to the east, with Centerville as the focus of a large residential area. Included in this residential belt are Decoto, Niles, Mission San Jose and Warm Springs, said the report.

"Zoning must seek to achieve continuity of residential development to avoid large blocks of undeveloped land remaining be-

Niles Chamber Approves

Seek 'Township City'

In a move to keep cityhood efforts alive, Niles' Chamber of Commerce voted Tuesday to endorse incorporation "on a Township basis."

When Secretary Vernon Ellsworth reported lack of action on the part of several town incorporation study-committees, members demanded why Niles shouldn't take the lead.

Dr. Joseph B. Enos moved the chamber go on record favoring "incorporation on a Township-wide basis." This was unanimously approved.

Then John Brahmst suggested "we call a meeting of the town committees that are interested, after which we all get petitions out and let the people vote on it."

A date for the meeting will be set later this week, according to the Niles committeemen, Bain Leask, Vernon Ellsworth and Frank Brown.

Meantime the Coro Foundation, a San Francisco non-profit government-study organization which last year issued a report on Township cityhood, disclosed it will be another month before it can present a request for funds for a more intensive survey to the Columbia Foundation.

Ken Norris, Coro representative, explained Columbia directors have postponed their regular meeting. It was hoped Columbia would pay most of the costs of the survey.

Norris also estimated it would take "five to seven months" to fulfill legal requirements before any city can be formed here. This means, according to Norris, that it is already too late to get a "city" on county property-tax rolls for 1955, since it has to exist prior to February 1. He said this makes a city here impractical before 1956, since county tax money is needed to run it, although "some" State grants would be forthcoming.

Norris urged work on cityhood here to continue, however, as he said first legal steps would have to be taken next summer. Initial action for cityhood is to file a petition with the County Boundary Commission outlining "city limits."

To call an election, signatures are needed from 25 percent of an area's voters and from owners of 25 percent of the assessed valuation.

Township Editor Heads Publishers

Stuart Nixon, editor of the NEWS-REGISTER, was elected president of the Alameda County unit of the California Publishers Association last Friday.

Glenm'r Chief Denies 'Threat' To C'ville City

Builder James F. Meyer on Monday told the Centerville Chamber of Commerce that plans for a "community service district" at exclusive Glenmoor Gardens don't pose a threat to cityhood for Centerville.

Boundaries of the suggested district were filed last week with the Alameda County Boundaries Commission.

Meyer, a director of the Glenmoor Homeowners' Association, said his group is merely trying to set up a legal unit to deal with water, sewer and fire protection districts for lower rates. "This is only a stopgap measure to protect us," Meyer said. "We have no plans to block incorporation for Centerville. After we've completed our study we'll ask the homeowners to vote on it."

Meyer had been invited to explain the plan by members who were alarmed because it might affect cityhood for Centerville.

"We don't want to be half in Newark, half in Centerville," he declared. Asked if he thought there was any advantage to a service district since county supervisors and planning commissioners still will hold jurisdiction, he replied:

"They do things we don't like but we still feel the Township's better off under one control than under many."

\$297,600 Bid For Newark's 'Junior High'

A low bid of \$297,600 was submitted last week for construction of the new 12-classroom Newark "junior high" school.

George Bianchi, San Jose contractor, outbid 10 other aspirants for the job.

Bianchi's bid was \$21,600 less than the estimated cost and \$49,668 less than the highest bid submitted. It represents a cost of \$12 per square foot.

Second unit of the present school was completed last year and now houses 928 pupils.

MUMS—Mrs. Ella Jolliff of Niles displays foot-wide chrysanthemums grown by her boss, Vernon Ellsworth. Flowers are notable each year for size. (WTN Photo)

KEN ANDRUS

Local Youth Sets Model Plane Mark

Ken Andrus, 15-year-old Washington Hi sophomore, is the holder of a new national speed record for model planes.

Ken, son of Mr. and Mrs. Ronald Andrus of 170 Towers Way, Centerville, set the mark at the recent Southern California Model Plane Championships at Pomona.

He broke the former 1-A Junior record by two miles per hour, with a mark of 76.69 MPH.

Ken built and flew a 31-ounce plane, with eight-inch wingspread, nine-inch fuselage, and a motor the size of his thumb.

The local youth is a leading member of the Newark Model Club for young controlled-flight fans.

Supermarket Opens Oct. 14 In Glenmoor

Billed as the Township's largest supermarket, a \$120,000 U-Save shopping center will open October 14 in Glenmoor Gardens.

A three-day show will introduce the market to Township housewives and their families. TV and radio stars, plus a name band will entertain throughout the event.

Built by Glenmoor Homes, the huge market contains 13,000 square feet, will have five checking stands, and will sell groceries, meat, liquor, notions and delicatessen items.

It is one of a chain operated by the U-Save Corp., headed by Elmer Hanan. U-Save has stores in Berkeley and San Francisco.

"We intend to offer the Township one-stop shopping," says Hanan. He added the \$28,000 lighted parking lot has space for 370 cars.

Yeggs Use Back Door Approach

Burglars with the back-door approach are sought today as a result of theft of more than \$500 in furniture from a model home in Newark.

Victims are C. R. Quigley, builder of "Terrace Garden" homes at Cherry and Broadway, and Lustigs, Hayward furniture dealers.

Deputies said the alert intruders broke the lock on a garage in one of the model homes one night, parked a furniture van, and used the rear passageway to cart off lamps, rugs, television sets and other appliances from a house two doors away, shielded from the view of passersby and neighbors.

ALL ALONE?

Newark Takes Steps To Become First Township 'City'

The newly-formed Citizens Citizens Committee which will study the feasibility of incorporating Newark, last week gave its unanimous consent to a motion to file a map of the Newark Fire District "as a proposed boundary for the possible incorporated city of Newark."

Fire Chief Joe Pashote made the motion as the last order of business for the Citizens Committee, which had just completed its formal organization after hearing Gordon Cotton review the extensive cityhood study made by a Chamber of Commerce committee last year.

Cotton, who had served as chairman of the C. C. study committee, was named to head the permanent Citizens Committee. Elected to serve with him were: Mrs. Norma Willburn, president of both the Women's Improvement Club and the Board of Trustees of the Newark Recreation District, who will be vice-chairman; Herb Lacey, insurance man, secretary, and George Latham, owner of Tubeweld Associates, treasurer.

Cotton, in his review of the previous study, informed the group of both the advantages and disadvantages of incorporation. He said the previous study showed Newark to be "healthy financially" with the assessed valuation equivalent to \$1,800 per capita, whereas the Coro Foundation lists \$600 per capita as necessary for an incorporated city. Cotton also said "we might be sticking our necks out, but we have a proposed budget" and then added that the budget had been adjusted as "substantially correct" by government management experts.

The budget listed the annual operating cost for the "city of Newark" at \$69,373. This included administrative expense, streets department expense, legal fees and maintenance of a police department, equipment and personnel. It ignored the services provided by the many special districts within the town, which Cotton said the committee presumed would "continue as at present."

The budget showed that income from State subventions, permits, licenses, fines, forfeit-

ures and tax refunds would hit \$69,750—enough to counterbalance the cost figure, and that a 25-cent tax rate would leave a healthy \$21,000 fund in reserve for contingencies.

Ken Norris of the Coro Foundation told the group of approximately sixty-five persons that Newark, like other Washington Township communities, is capable of supporting a city government and concluded that "whether you incorporate alone or consolidate with other towns in the Township is secondary, but something should be done quickly." He then added that he believed Newark had nothing to fear from encroachment upon its territory by any other town or group of towns.

Art Cotton, president of the Newark Chamber of Commerce, challenged Norris' remarks. He warned that "it is later than you think" in reference to protection of Newark land. He referred to comments made in Niles that perhaps it "would be a good idea to zone whole towns for industry, others for residences. Cotton said that Newark, Alvarado and Decoto were designated as industrial in such schemes.

Joe Pashote then prefaced his motion to file the map by a reference to the effort of James R. Meyer and associates to create a special service district of an "enlarged" Glenmoor, which would take a sizeable piece of the Newark Fire District.

Chairman Gordon Cotton immediately set in motion the necessary machinery to get the map on file and the map and legal description of the area was in the hands of the County Clerk on Friday afternoon. Cotton said he would call a meeting "as soon as possible" of the elected officers to formulate plans for the continued study of incorporation by the Citizens Committee.

Most Newark industries, who last year asked that no further steps be taken to incorporate the town, were represented on the committee and voiced no objections to the organization of the committee or its contemplated study.

MAY NOT HAVE TAKEN SERUM

First Township 'Test' Child Contracts Polio; Recovers

The first definitely-diagnosed case of polio among children who participated in last spring's polio field trials is reported this week by J. C. Malcolm, M. D., Alameda County Health Officer. Dr. Malcolm said Leota Rexrode, 8, of 516 Capistrano St., Mission San Jose, is recovering at home without any serious effects, other than a slight stiffness in the abdominal muscles.

The child is the daughter of

Mr. and Mrs. Richard Rexrode. She has two younger sisters.

"No one in Alameda County," says Dr. Malcolm, "knows whether or not this child received the injections containing the vaccine. That information is known only at the National Research Center where information about all cases in county and throughout the country is being sent."

The cases of polio among all ages this year have been more than normal both in Alameda County and throughout the state and nation. The increase in Alameda County, however, is not of epidemic proportions as it is in some parts of California, states Dr. Malcolm.

Dance For Dimes Raises \$507 To Fight Polio

Dancing for dimes, Township hepcats and swingers last week raised \$507 to fight polio.

Nine "name" bands and a score of radio and TV stars donated time to help stage a Sunday afternoon hoedown at the Garden of Allah, with proceeds going to the Emergency March of Dimes.

Sponsors for the affair were Mrs. Leo Smith and Mr. and Mrs. George White of Niles, owners of the dance pavilion. Nearly 1000 persons attended.

Pups Canter to 24-7 Victory Over Jittery Carlmont B's

Washington High Puppies romped to an easy 24-7 victory over the Carlmont B's last Friday aided by fumbles from the nervous visitors.

On the first play from scrimmage, Bob Marin galloped fifty yards down to the 5-yard line and Milton Martini went over for the score on the next play. Johnny Adams missed the conversion.

On the kick-off, Carlmont fumbled and Washington recovered. Two plays later Marin went over from the 5-yard line to put the Pups ahead 12-0. Adams again missed the conversion.

Later in the first period Washington recovered another Carlmont bobble and Adams went over from the one-yard line on a quarterback sneak. The conversion was blocked.

There was no further scoring until midway in the third quarter when Richard Vargas cut around right end for 10 yards and another T.D.

Carlmont's only score came on the last play of the game. Puppy Coach Gene Johnson said his charges looked good for their first game but expects they will face tougher competition from the SCVAL teams.

Tomorrow night they will tangle with the Fremont's B's who trampled Willow Glen 34-0 last Friday night.

Huskies Off to Flying Start With 13-6 Win

Carlmont Victim; Locals Underdog Against Fremont

BY JERRY SANFORD

The Washington High Huskies launched their 1954 grid season with an impressive 13-6 victory over Carlmont High of San Carlos last Friday night.

Carlmont drew first blood by scoring on an 8-yard pass, Austin Parlette to Bob Rosager, early in the first quarter.

Then the Huskies took command. In the second quarter, they pushed across two tallies. Halfback Ernie Soto scored Washington's first touchdown of the season, rambling unhindered 18 yards to pay dirt. Craig Bellati added the extra point.

The Huskies scored again a few minutes later when Quarterback Tino Rangel connected with a pass to End Ken Galloway who went 75 yards.

MISSION SAN JOSE

By REGINA DENNIE

Here I am writing again after several months absence. Teddy Pereira, your reporter, is spending three months in the East for surgery at John Hopkins Hospital, and Mr. Nixon has asked me to fill in. Any news of interest would be appreciated and could be left at my home, 343 Lemare Street, or mailed to P. O. Box 104, Mission San Jose. Also the phone number is M.S.J. 2061. Thank you.

Our congratulations to Mrs. Josephine Chambers on the arrival of her first grandson, James Robert, born on September 6, to Mr. and Mrs. Richard Brunelli of Centerville. Mrs. Brunelli is the former Geraldine Fernandez.

Don't forget to attend the annual Fireman's Dance at the I.D.E.S. Hall on Saturday night, October 9. Music by Jed Oxborrow.

Mary Vieux and Octavia Young enjoyed a week of rest at Point Arena. Octavia has taken Teddy's old job as overseer at the Old Mission.

Mr. and Mrs. Frank Mendonca attended the Ram-49er's football game in Los Angeles last weekend.

Diane and Michael Santos attended Gary Justus' fifth birthday party in Hayward on Thursday.

A big banquet in Oakland on Sunday was given in honor of Mr. and Mrs. Frank Gustine's 50th wedding anniversary.

Mrs. Rose Recend spent the week-end with Mr. and Mrs. Dan Silva in Oakland.

Dennis James, who was born on September 27, at the San Jose Hospital to Mr. and Mrs. Duane Spence, weighed 8 lbs., 13 1/2 ozs. The Spences have another son, Stevie, age 2 years.

Mr. and Mrs. Larry Goetsch and children spent the week-end at Bower Cave fishing.

Mr. and Mrs. Lawrence Rogers were grandparents for the

seconds left in the second quarter but Tackle Jerry Lizardo recovered a fumble on the goal line and the Huskies kept the pigskin until time ran out.

The Highlanders came close to tying up the game with a few

Fremont Win Features SCV Opening Trys

How did Washington HI's fellow-SCVAL members fare over the weekend while the Huskies were skinning Carlmont, 13-6? Los Gatos spotted Menlo Athlete two touchdowns but roared back after recovering a fumble to win, 14-12. Running and passing by QB Terry Ogden featured the victory.

Campbell dropped its opener, 8-0, to a stubborn Castlemont eleven from Oakland. The Bucs fumbled four times, to nullify runs by Tony LoBue and Dick Buck.

Fremont outpowered Willow Glen, 20-7, with a display of ground-gaining fireworks by Steve Lynch and Bud Smith. The Indians took the opening kickoff and smashed 71 yards for a touchdown. Fremont plays here Friday in the league opener for Washington.

Underdog James Lick barely lost to a strong San Jose HI Club, 12-7. Two good Comet backs, Darrel Danker and Jack Rudd, actually outplayed the San Jose aggregation, but fumbles hampered Lick's cause.

first time September 13 upon the arrival of Linda, new daughter of Mr. and Mrs. Frank Rogers of Castro Valley.

The Catholic Daughters of America held their annual back-to-school party Monday evening. Members came dressed as school children and brought their lunch. Margaret Phillips presented the Court with a cake shaped and decorated like a school house.

Sunday, October 10, the Sisters of the Holy Family, will again celebrate Our Lady of Fatima Day. This beautiful ceremony is very impressive and should be attended by all.

The United Crusade will start their door to door campaign here on October 19. Region director is Helen Aust. Sectional directors appointed are Martha Mulhern and Marilyn Powell. Please be ready to give your donation when the representative comes to your door.

Glad to report that Herminia Cunha, daughter of Mrs. Marie Cunha, is home from the hospital after a suspected case of polio proved negative.

Mrs. Betty Santos was honored with a baby shower Thursday afternoon at the home of Mrs. Margaret Reis. Guests were members of her sewing club.

Mrs. Robert Robertson underwent surgery at the East Oakland Hospital and is reported doing nicely.

Mrs. Fave Castro is spending several days with her daughter, Mrs. Neil Huddleson of Fresno.

Mr. and Mrs. Fred Dreischmeyer of 4th Street had her mother and sister, Mrs. Anna Kruska and Miss Stephanie Kruska of Chicago as houseguests. They left for home Thursday.

The fire department was called out Friday morning. The bunk house on the Joe Sheldert place burned.

Mrs. Dominic Naso and son, Vincent, of Cupertino, were visiting with her father, Mrs. Bettencourt of Union Street while her husband went hunting.

Mr. and Mrs. Herbert Townsend of San Leandro were dinner guests of Mr. and Mrs. George Seguire, Sunday. Wynn Ford of Hayward spent Wednesday at the Seguire's. Sorry that Lois Leach was on the sick list over the weekend.

Joe Amara, Jr. of High St. was lucky Saturday morning. He was uninjured when his truck blew a tire and went off the Eastshore Freeway near Trimble Road, shearing off a power pole. Grass fires caused by "hot" wires were put out by County firemen.

Mr. and Mrs. Dick Daly and sons have moved into their new home in Irvington Square.

Loses License

Howard M. Townsley, 2548 Central Ave., Newark, had his drivers' license suspended last week by the State Department of Motor Vehicles after a drunken driving conviction.

Dandy Boy Hill, 224 Vallejo St., Mission San Jose, also was convicted of a similar offense but escaped a suspension.

The call is out and the need is great. If children who are eligible for scouting are to be allowed the advantages we all enjoyed, more mothers and fathers will have to show their interest by volunteering for scout leadership. In all of the Centerville area there is now only one troop of Intermediate Girl Scouts and one troop of Brownies. Boys are favored with five dens in the Township. Glenmoor has one group, Den 6, led by Mrs. W. J. Parker, Jr., 337 Glenmoor Court. Men and women interested in becoming den masters met last Monday at the Centerville Elementary School. Any who were unable to attend that meeting are asked to call John R. Nash, Centerville 8-2056. Those interested in Girl Scouts should call Mrs. John Beumer, Jr., 443 Norris Road, Centerville 8-2914.

The first fall meeting of the Brownie troop of Centerville was held Tuesday afternoon at the Centerville Elementary School. Mrs. Norman Weed and Mrs. John Beumer, Jr., both of Glenmoor, are co-sponsors. The group welcomed three new members: Carol Abbott, Donna Phillips, and Darlene Hiebert. Old members of the troop are the following: Kathryn Beumer, Patricia Brooks, Mary Lou Brown, Sherrill Edwards, Geraldine Fontes, Cynthia Freeman, Roberta Gordon, Sally Hiebert, Mary Horejsi, Anne Pimentel, Sherrill Rapp, Barbara Valles, and Carol Weed. The first meeting of the new year for the troop committee is scheduled for Friday, October 15, 10:00 a.m. at the home of Mrs. Norman Weed, 448 Norris Road, Glenmoor. All mothers of Brownies are invited to this meeting at which plans for the coming year's program will be formulated.

A new club has been formed in the Glenmoor area. We'll all have to find them a name for as yet they have none. The first meeting of the group with seven of the eight charter members present took place at the home of Mrs. Harry L. Park, 444 Rogers Ave., September 29. The following will meet every other week about 1:30 to play Canasta: Mrs. Adele Burrows, Mrs. Betty Dull, Mrs. Virginia Clark, Mrs. Ruth Penner, Mrs. Von White, Mrs. Margie Park, Mrs. Sara Sinclair, and Mrs. Billy Pierce.

Mr. and Mrs. Robert McCall of 459 Evans Ave. presented Glenmoor with a new resident September 26. Their first child, son and heir Robert Charles McCall, Jr., was born in Alameda Hospital, a full seven pounds, fifteen ounces. Yes, the Shelleys and the Hiltabidels went deer-hunting. Mr. and Mrs. Albert L. Shelley, 246 Glenmoor Drive, and Mr. and Mrs. C. W. Hiltabidel, 229

Glenmoor Drive, spent all day last week in the northern part of the state looking for deer. We haven't heard yet whether or not they found any.

The Glenmoor Bridge Club met yesterday at the home of Mrs. Wm. C. Wootton, 451 Norris Road.

Mr. and Mrs. Jack L. Allen of 334 Glenmoor Court spent last weekend hunting and fishing at Three Rivers. Judy and Jerry went along.

Mr. and Mrs. Ted E. Ebbage and Mr. and Mrs. Wayne E. Fritch co-hosted their Canasta Club at the Ebbage residence, 241 Glenmoor Drive, last Saturday night. Competing for most wicked score were the following: Mr. and Mrs. Earl Honer of Castro Valley; Mr. and Mrs. George Cawley, Hayward; Mr. and Mrs. Ted Blake, Hayward; Mr. and Mrs. Bob Hudspeth, Hayward; Mr. and Mrs. Gordon Peterson, San Lorenzo; and Mrs. Tom Kentner, Castro Valley.

Mr. and Mrs. Wm. J. Parker Jr. are going to take a weekend off. They leave October 22 for Los Angeles in the company of their friends, Dr. and Mrs. Carl Lundstrom. After attending the U. S. C. game Saturday and doing the town, they will return Sunday night. While they are gone Mrs. Parker's mother and father, the Harold E. Mellings from Oakland will fill in at home with Nancy and Bill. Mr. Mellings is well known in Centerville as the choirmaster at St. James Episcopal Church.

The Harry L. Park home, 444 Rogers Ave., was the scene Saturday night of a Couple's Club dinner party. Those attending women have agreed to canvas Glenmoor; Mrs. Wayne E. Fritch, Mrs. Harry L. Park, Mrs. George W. Hoy, and Mrs. Ben Klassen. Mrs. Paul H. Melvin of Glenwood will help with her neighborhood. More volunteers are needed. Call Mrs. Robert S. Drouin, Centerville 8-2119.

A meeting Thursday morning, October 14, 10:00, at the home of Mrs. Robert S. Drouin, 452 Norris Road, will spark the United Crusade house-to-house canvas. At this time Mrs. Lester Coursin, heading the drive for the Junior Women, will brief fund-raisers on the plan of action. The following Glenmoor

DECOTO NEWS

By Grace Caminada

First meeting of the Decoto P.T.A. will be held at 7:30 p. m. October 13 in the school auditorium.

The school safety patrol under the direction of James Blood will conduct the opening exercises. treasurer of the 16th district of Mrs. Raymond Rodriguez, the Phoebe A. Hearst Council will speak on objectives of the P.T.A.

A short business meeting conducted by Mrs. Manuel Seoane, vice-president will be followed by the introduction of P.T.A. officers and Decoto Faculty members.

A highlight of the meeting will be a music demonstration. Mrs. Margaret Thomas, vocal music supervisor of the Decoto District will lead the fifth grade class of Neal Kauffman in several vocal selections.

The enrollment has reached over 600 this year so a large turnout of parents is expected. Refreshments will be served.

Good luck to Ethel and Walter Avilla and son Jerry at their new home in Cabrillo Park.

Ernie Perry of the Alvarado Decoto Road is recovering from a delicate eye operation performed recently.

Efficiency of the Decoto Fire Dept. is credited largely for the \$1,034 check received recently by the trustees of the Decoto

Elementary School district.

The check was a rebate from the school's Insurance Company, following a survey of school buildings which resulted in a lower rate fixed by the Pacific Fire Rating Bureau. The survey was requested by the school board last April.

The Niles Farm Home Group of Niles and Decoto ladies met for their first meeting for this term at the home of Mrs. Marion Zwissig. Hazel Costa president conducted the business.

Mrs. Christina Groppe, Farm Home advisor was a guest.

The program for the year was discussed. Project leaders were given their assignments. Refreshments were served by the hostesses.

The Union Funeral Lodge of Decoto held a picnic on September 26 at Stonybrook Park.

Carmen Boehmen was awarded a \$100.00 savings bond. Michael Masquez a \$50.00 bond

Eden, Washington Join For Progress, Better Roads

Continued from page 1

director, explained the Beach & Shoreline Master Plan. Thomas declared:

"Our County Planning commission is the only one in the country that meets more than once a week. It is overburdened with detail work. It can't plan because it has to make so many decisions about dog kennels, dumps, subdivisions; purely local matters.

Thomas characterized present zoning as "a holding action, just a stop-gap until we can establish planning for future needs."

He said by the end of the year, all the rural areas "except Niles, Alvarado and Pleasanton will be zoned."

The conference closed with the invitation to continue the meetings next month. Manuel Hidalgo, for the Washington Township Chamber, agreed.

'Peace' Reigns At WUHS Games

Washington Hi has the most orderly football games in this part of the State, Vice-principal Irving Hird reported this week.

Hird said he was told by officials from other school districts that Washington's student conduct was exemplary at the Carlmont game last Friday.

Hird told trustees Tuesday this is due in part to volunteer patrolling by (1) 32 teachers, and (2) seven custodians. Also to the presence of four paid deputy sheriffs. He said a school rule forbidding students to leave the grounds during the game has been favorably cited to the State Board of Equalization.

Hird also reported the Carlmont game grossed the school \$697 — highest in three years.

Irvington Sewer Annex Meeting

A meeting Friday at 8 p.m. in Irvington School is calendered as the first step in bringing 1000 acres of prime residential property into the Irvington Sanitary District.

District Engineer Harry Goodridge will explain plans to annex land along Driscoll Road, Palm Avenue and Highway 9.

You Can be a Riley, too!

You remember Riley, the man everybody wanted to live the life of. Well, his idyllic life couldn't even touch the luxurious comfort that's all yours when you're in a modern Pullman room on an S.P. Streamliner!

You have all the space you need, to rest and relax. You have all the privacy you want, plus room service if you wish. You have your own individually-controlled air conditioning. You have one of those wonderful full-length Pullman beds, with clean sheets every night. You have your own private toilet facilities. You have all the attentive service of a top-flight hotel.

If you want company, you can stroll off to the Lounge Car for games, refreshment and the stimulating conversation of congenial people. And the food in the Dining Car? Riley never had it so good!

Next time you travel, try the regal comfort of a Pullman room—roomette, bedroom, compartment, drawing room or suite. Also available: Pullman section space (upper and lower berths). You can reserve in advance.

FREIGHT GETS EXCELLENT TREATMENT, TOO. We wouldn't go as far as to say that your freight will live the life of Riley when you ship via S.P., but we do say your merchandise will get careful, dependable and fast handling. We have more miles of line serving more Western cities and towns than any other railroad. So if you want your freight treated right—whether carload or l.c.l.—call our nearest agent.

AMERICA'S MOST MODERN TRAINS

More On Master Plan Proposals

Continued from Page 1

tween housing tracts. This is necessary in order to eliminate the heavy drain on utility extensions, schools and fire districts. If discontinuous 'island' construction continues, the special purpose districts will be forced to support large expenditures for schools and for sewage and water distribution systems before their assessed valuation is large enough to supply the necessary revenue."

4. Agriculture—Two large areas, just south and just north of Centerville, should "be used for agricultural purposes as long as practicable" before they are put to other uses, and "some thought must be given to protecting our most productive land."

"Land utilized for agricultural purposes," the report said, "cannot afford to support urban services. Therefore, taxation should follow predominant neighborhood use, rather than zoning. Thus, if land used for agricultural purposes is zoned industrially, it should not have an increased assessment unless the surrounding area is predominantly industrial."

5. Commercial—Topmost requirement concerning commercial zoning, the committee said, is the provision of adequate off-street parking space.

The committee described as "another lamentable condition of poor planning" the string commercial development along East 14th St. and MacArthur Blvd. in Oakland and Highway 50 in Castro Valley.

"String commercial development of areas along major streets and highways should be discouraged and, if necessary, prohibited so far as it is legally possible to do so," the committee recommended.

The committee urged that main street commercial property in Irvington, Centerville, Niles, San Lorenzo and Newark should be zoned to a depth of 400 to 500 feet to provide adequate parking space in front of or at the rear of buildings.

In such areas as Alvarado and old San Lorenzo, the committee said, "we should look for the eventual removal of substandard structures."

Mission San Jose and Niles,

being close to the foothills, lend themselves to the eventual development of fine residences, and both areas should have sufficient commercial zoning to satisfy the requirements as their populations increase, the report said.

"Irvington and Centerville, because of their strategic locations with large tracts of desirable residential land surrounding them, would seem to be the most logical locations for increased commercial activity."

The committee said it did not feel that it had the right to make any recommendation with respect to the location of entirely new commercial or shopping centers, rather letting future development of the area dictate their location.

6. Transportation—Highways represent "the single biggest bottleneck at the present time," the committee report declared.

As its most important recommendation concerning highways, the committee declared: "The extension of the Eastshore Freeway is the indispensable ingredient to the growth of southern Alameda County. With present county roads already reaching a saturation point, and with the expectation that the growing industrial areas of Milpitas and Warm Springs will add materially to the truck and passenger traffic, the over-all congestion will be intolerable long before construction is completed."

In Washington Township, the committee recommended the immediate acquisition or establishment of rights-of-way for a comprehensive pattern of secondary and connecting roads.

7. Water Supply—The committee recommended a comprehensive study be made of the various agencies, now providing water to areas in the two townships to determine the best possible source of water supply for both present and future needs and the best method of distribution of water.

After this study has indicated the best agency to supply and distribute water, the committee said, it will then be "imperative" to establish an adequate reservoir storage system and an adequate distribution service.

"Unless such a system is established in the near future, industrial, commercial and residential building in Washington Township conceivably can be retarded," the committee declared.

The committee also urged that "efforts must be made to aid the Alameda County Flood Control District in the passage of bond issues for Zones 1, 2A and 5 (central Washington Township) which will complete the entire county's program. A vote has been called for Zone 5 on December 7.

Committeemen asked that a Board of Adjustments be established to assist the county Plan-

WUHS Raises Diploma Rule For 'Preps'

Washington Hi took steps this week to tighten graduation requirements for college-preparatory students.

On recommendation of Vice-principal Irving Hird, trustees voted to require 230 semester-periods of satisfactory grades out of a possible 240 before diplomas will be granted college-prep youngsters. Formerly they needed only 200, while vocational students had to get 230.

Hird said this means a college-prep course-taker now may have leeway to flunk only one complete subject or its equivalent instead of four.

"This will determine whether we're a diploma mill, or whether students have to learn something at Washington Hi," Hird declared.

Lamoreux Family Home From Europe

The Will Lamoreux family of Niles (most of it anyway) was home this week after a summer-long trip through Europe.

Dr. and Mrs. Lamoreux, their son Larry and daughter Mary Lynn traveled first to Edinburgh where Dr. Lamoreux—a Kimber executive attended the World Poultry Congress. Then in their car they drove through England, crossed the Channel, and traveled through France, Belgium, Holland, Germany, Austria, Switzerland, then back to Paris.

There Larry and Mary Lynn planned home in time for school. Their parents returned by ship, then drove as far as Hampton, Iowa, where Mrs. Lamoreux visited relatives and Dr. Lamoreux took the train.

Mrs. Lamoreux motored here with her father, R.E. Baker, who will be a guest for several weeks.

Meantime son Larry had given up plans to complete schooling at UC and had joined the Marines. He is now in San Diego.

FILING DEADLINE

Deadline to file for election to the Board of Trustees of the Newark Recreation District is Tuesday, October 12.

Commission on single zoning variances to allow the commission to "spend more of its time on very much needed long-range planning."

One principal problem was noted in committee studies and the recommendations in the report, the problem of growth.

"The second largest county in the second largest state is experiencing the same stresses and strains as other great metropolitan areas in this nation," the report states.

TOWNSHIP REGISTER Page 4
October 7, 1954

Washington Hi Enrollment 1206

An all-time high 1206 students are enrolled at Washington Hi, Supt. J. V. Gould reported Tuesday.

Night School Principal Judson Taylor also said his enrollment hit 353 this week, compared to 206 last year.

Gould reported the new \$1,000,000 annex is 77 percent complete. He also said a contract can be signed next week for purchase of 30 acres for a new high school south of Irvington.

Trustee E. M. Grimmer Jr. obtained a resolution to the County Supt. of Schools asking that overlapping precincts for school elections be eliminated. Under present state laws, some local voters (as usual) got two or three different precinct notices.

SUZU SEZ...

The woman who declared that her children would only watch selected television programs now has a set, and they're just like yours and mine. They see almost everything.

A Centerville woman says that if this is Indian summer she'd just as soon give it back to them.

Save dressmaking scraps and put them aside for rainy day use by the youngsters who'll make everything from doll dress to pincushions.

After her last birthday an Irvington woman said she guessed she'd have to start reading those beauty articles for women over twenty-nine. No need to ask her age.

I'd never have known, the middle name of a well-known Township man except his wife became angry at him, and now his secret is out.

After counting names in the new phone directory I thought I'd pass my findings along to you. The name with the most listings is Silva, with 75 numbers, followed by Rose with 48, and Garcia with 33 listings.

Then in numerical order, I found Perry, 28; Martin, Lewis, 26; Williams, 25; Bettencourt, 24; Dutra, Smith, 23; Andrade, Brown, 22; Amaral, 20; Miller, 19; and Vargas, Souza and Jones with 18. No wonder it's so easy to get an incorrect number.

You residents in Los Ranchitos better do something about those children allowed to run in the streets. There are too many speeders taking the corners on two wheels.

Is it a sign of old age? Several brides I know keep asking me for advice on everything from meat selections to sewing hints. No need to envy those folks who have started their Christmas shopping. Just get busy and do some of it yourself.

It certainly isn't too early to start making hand-made gifts, be it shirts or socks, you'll have plenty time if you start now. I never knew 'til now that the way that little car parks between the two buildings in Centerville is by driving up the sidewalk from the corner.

If I ever hear that Township businessman complaining about lack of customers again I'll suggest it would help if he stayed open at the advertised hours.

The teen-agers wearing those colorful clothes look mighty sharp to me, but I wonder how soon it'll be before the girls start wearing those red or pink trousers.

Use worn-out towels folded in three layers and bound with bias tape as pot holders.

Remember the woman who gossips about others to you talks about you to everyone else!

Mr. and Mrs. Joseph L. Phillips, 341 Norris Rd., Centerville celebrated their 10th Wedding Anniversary.

Mr. and Mrs. Jack Moser, of Warm Springs are proud parents of an 8-lb. baby boy, born in Hayward Hospital. They also have a 3 year old girl.

Alice Andrade of King Avenue Niles, had a birthday party October 2.

Mr. and Mrs. Tony Vargas and Albert Alameda, from Atwater are visiting his mother-in-law Mrs. Ida Vargas of 3rd St., Niles.

Gloria Pullman, of Norris Road, Centerville, was bridesmaid for Gloria Pleitner in Castro Valley last week.

Marjorie Janssen, of El Pajara Beauty Salon is back now and is operating the Salon after a years absence. The Salon is open every day from 9:00 a.m. to 5:00 p.m. with work done by Marjorie.

Bonnie Gordon, former owner, has moved to Irvington to open her new shop.

Mrs. Pearl Stewart, of first Street is expecting to be home soon from the Alameda Hospital.

CUB SCOUT, Pack No. 1, had their second meeting at Mrs. M. Janssen, with Maxine Weisenbacher, Jaunita Tuana, and Marjorie Frankco as scout den mothers.

SPRSI Council 79, held their monthly meeting last night at Boliba Hall. Refreshments and entertainment followed.

Mrs. Mary Duarte is recovering from a goiter operation.

Mrs. and Mrs. Loren Wilcox have purchased one of Bodily's new homes. They will move in November. They have two young sons attending Niles Grammar school. Mr. Wilcox is now employed by Niles Super Market in the Meat department.

Don Bodily is building an extension to his office on Goodrich and Orchard Drive.

Patricia Perry celebrated her tenth birthday with ten guests attending. They were served the traditional birthday cake and ice cream.

Snow New Prexy For Kiwanians

Charles Snow, attorney, was elected to head the Newark Kiwanis club for 1955 at Monday's meeting of the club.

Elected to serve with him were: George Latham, first vice president; Dr. John O'Connor, second vice president; and John Oliveira, treasurer.

Bud Dunn, Lieutenant Governor of District 11 of Kiwanis International was a guest of the club. Mel Nunes represented the Newark Recreation District as he sought an answer from the club regarding sponsorship of a Little League baseball team.

The Kiwanis club sponsored Newark's own Little League the past summer. In line with the club's policy of helping youth, it left the door open for the Recreation District to enlist its aid for any program which benefits youngsters.

More On Land Planning Report

Continued from page 1
tracts of land for new housing. The committee said enough land area should be zoned for residential use in the two townships "without regard to whether the bulk is in one community or another."

Areas recommended for residential zoning lie between the Freeway and the foothills to the east, with Centerville as the focus of an extensive residential belt which includes Decoto, Niles, Mission San Jose and Warm Springs.

All future zoning for commercial development should have as a basic requirement the provision of adequate off-street parking, the report stressed. New commercial zoning for main street properties should be to a depth of 400 to 500 feet. "String commercial development along major streets and highways should be discouraged or prohibited by law."

Agriculture will remain an integral component of southern Alameda County's future, said one section of the booklet. Two large areas, just north and just south of Centerville, should be used for agricultural purposes "as long as practicable" and thought should be given to protecting the most productive land.

Completion of the Eastshore Freeway is "the indispensable ingredient to the growth of southern Alameda County," concludes the report. Also attention needs to be given to secondary and connecting roads, both north-south and east-west.

Mrs. Sloan Feted On 84th Birthday

Mrs. Elizabeth Haskell Sloan was feted on her 84th birthday last week at the Mission Road Sanatorium with home guests and friends attending. Many lovely cards and gifts were received by Mrs. Sloan. She wishes to thank all of those who remembered her so faithfully.

READERS WRITE US

NEWARK ELECTION

Editor, Sir:
On November second a very good example of complications in local government is going to show itself in Newark. This is the day of the general election. The people of Newark will cast a vote for the persons of their choice. On the same day a special election will be held to elect five members to the Board of Trustees of the Newark Park Recreation and Parkway District. This must be done with only one voting place, the Elementary School.

The history of the "Rec" Districts election can be traced to the time the Board was changed from three to five members about eight months ago. At that time information received to the effect that elections would be held every other year at the same time as the election for county supervisors.

Nothing was heard nor was anything done until the end of June at which time a letter was written to the District Attorney asking for information as to procedure for an election. Repeated inquiries finally bore fruit when the Rec District was advised to hire a lawyer to guide it through the maze of legalities necessary to an election.

The purpose of this letter is two-fold:

1. To inform the citizens of Newark that the "Rec" Board does not like to conduct its election as it must. It wanted to be included on the ballot for the general election. This is not possible. Failing in this, it wanted to use all four precincts. This, too, is impossible.

2. To add another plea for a study into the operation of Special Districts. The coordination of Special District elections might be one way of saving the taxpayer a few dollars.

BOARD OF TRUSTEES,
NEWARK PARK RECREATION AND PARKWAY DISTRICT

Editor, Sir:

Congratulations and thanks to the Highway Dept. for the job they are doing to widen Third Street in Niles.

The school children walk back and forth, or ride their bicycles on Third Street, and I have feared many times that the "characters" who use the street for a speedway would one day kill some of these children.

Now the street is wide enough for both kids and cars and if everyone is careful to remind the children to stay close to the edge of the blacktop, we mothers and other interested adults may all breathe more easily.

C'ville Parkers Tags Will Curb

"Curb-hogs" will get a slap on the snout from the Centerville Chamber of Commerce.

On motion of Joe Shepherd, overtime parkers on Main Street will receive printed warning slips on their windshields advising them that parking on the street recently was cut to one hour by county ordinance.

White Cane Drive Opens Monday

A house-to-house canvass with a goal of \$1000 will be staged by the Centerville Lions Club during its annual "white cane" drive October 11-16.

Last year the club spent \$800 for eye corrections in Washington Township, according to Irvington Hird, chairman of the program sponsored by the Lions. All money raised will be spent on township children, it was stressed by Hird and W. R. Goodwin, his chief aide.

Junior Women's Club Busy

Washington Township Junior women's club will hold its regular meeting on Thursday evening, October 16 at 8 o'clock at the home of Mrs. Dean Davenport, 235 Coronado Drive, Centerville.

It was announced at the last meeting that the Alameda County District Fall Conference will be held at the Villa de La Paix in Oakland on Saturday October 16. Delegates from the Junior Women's Club will be Mrs. Lester Courson, Mrs. James Herd and Mrs. Paul Driggs.

Mrs. Marshall Hopper, Alameda District President, recently appointed Mrs. Arthur Karlstedt District Ethics chairman. Mrs. Karlstedt is also vice-president of the local club.

Centerville city chairman for the United Crusade, Mrs. Courson, held a meeting at her home last Tuesday with her city section chairmen: Mrs. Dennett Dasher, Mrs. Frederick Ludden, Mrs. Robert Drouin, Mrs. James Herd and Mrs. Frank Santos, to organize the residential section of the drive. Volunteers are urged to call Mrs. Courson, Centerville 8-2390.

Deal For Parking Space Pondered

A last-minute offer to enlarge the Centerville Merchant Parking Lot failed to delay completion of a lease on the Main Street property this week.

Jack Stevenson told the Centerville Chamber of Commerce Monday that he would loan it additional frontage on Main Street next to the lot entrance, and tear down an ancient house which occupies the site, providing the chamber would later release Main Street frontage to him if he builds a shopping center in the area.

Parking committeemen were authorized to "negotiate" with Stevenson, but were also told to sign a lease for the original property with Mrs. Marie Bettencourt.

Diane Mento, Daniel Filice Plan Nuptials

Plans have been announced for the wedding of Diane Mento, daughter of Mr. and Mrs. Mervin R. Mento, of 332 Glenmoore Court, to Mr. Daniel M. Filice, son of Mr. and Mrs. Michael Filice, Campbell, California.

The wedding will be solemnized at a nuptial mass, Saturday, October 16, at 10:30 a.m., in the Church of the Holy Ghost, Centerville.

Mrs. Myles Cunningham has been selected as the matron of honor and Miss Mento will be attended by the following bridesmaids: Miss Barbara Bell, cousin of the bride; Miss Dolores Sousa, Mrs. Bryan Radcliffe, and Mrs. William Paquette. Heading the procession will be Miss Mento's little sister, Judy Mento, accompanied by Master Randy Witt. The groom's brother, James Filice, will attend him as best man and the ushers will be Stephen Mento, brother of the bride; Elmo Ferrarri, cousins of the groom.

A brunch at 332 Glenmoore Court for the immediate family and the bridal party will follow the ceremony. A reception at the Castlewood Country Club from 1:30 to 4:30 is planned.

Miss Mento has been honored by two showers. The first was given by Mrs. Michael Filice at her new home in Campbell. On September 8, her high school and college friends gifted the bride-to-be at the invitation of Mrs. Bryan Radcliffe, Mrs. William Paquette, and Miss Dolores Sousa at the home of the latter in San Lorenzo.

After her marriage, Miss Mento, formerly with the Irvington schools, will continue in her teaching position at the Franklin Elementary School in San Jose. Mr. Filice is employed in the Communication Department of Santa Clara County.

High School PTA Plans Tea, Carnival

Two coming events were planned at last Thursday's open meeting of the Parent-Teachers Association of Washington Union High School.

Mrs. Graydon Spurlock of Alvarado, president, announced parents of all high school students, and the faculty will be guests of the association at a tea at the school on October 14, from 2:30 to 4 p.m.

The annual P-T-A carnival will be held at the school on October 30.

Mrs. Spurlock's staff includes: Mrs. Raymond Rodriguez, vice president; Mrs. Frank Andrade, secretary; Mrs. William Chivers, treasurer; Barney Bracy, auditor; Miss Shirley Weller, historian; Mrs. J. A. Silva, parliamentarian and Mrs. Larry Dutra and Mrs. Robert Lunsford, delegates.

Kathleen Mayoek Christened Here

Ten-month-old Kathleen Mayoek, daughter of Lt. and Mrs. Stony Mayoek, was christened last week at St. James Episcopal Church by the rector, Rev. Arthur Freeman.

The Mayoeks are briefly visiting his mother, Mrs. Ann Mayoek of Irvington, while en route to the Marine aviator's new assignment at El Toro, near Santa Ana.

CAROLLING AROUND NEWARK

JEANNE & GENE CARROLL
NEWARK 3-3564

Picking off the carrolgrams, we read where happy birthdays are on the wire . . . to Lurline Bayless who celebrated her fourteenth birthday with a party following the Washington-Carlton football game last Friday night (and the Huskies looked real sharp for a first game, winning 13 to 6) . . . to Jerry Vargas who celebrated his 9th birthday on Monday, October 4 and was treated to a dinner and show by Mom and Dad . . . to Clara Williams as she marked another year on Monday . . . to Bruce O'Connor as he got "extra helpings" for his tenth on Monday . . . to Joan Hoover who was remembered on Tuesday . . . to Libby Milani as she started another year on the sixth . . . to sweet Georgia Brown as she celebrated number thirteen yesterday . . . to William "Dinky" See who is celebrating his seventh today.

Ken Galloway must be eating his wheatsies the way he went flying on that touchdown jaunt after catching "Tino Ranzel's" accurate pass last Friday. By the way our Huskies will meet Fremont at the High School field tomorrow night. It should be a real tough game because Fremont is always rugged, but Washington can be inspired if the stands are full of loyal supporters. How about it?

Mrs. Lorene Pohl of Irvington, a former Kindergarten teacher at the Newark School, was honored with a "welcome baby" shower at her home last week. Surprising Lorene with gifts for her newly adopted baby daughter, Karen Mari, six weeks old, were her former fellow school teachers and friends: Marge Callow, Ruthie Foster, Beverly Duprey, Edna Jibson, Edith Thatcher, Cynthia Collins, Gretchen Sanders, Alice Stuffer, Gladys Fanner, Ruth Flater, Frances MacGregor, Mary Louise Brown and Evelyn Kipp.

Mr. and Mrs. Frank Guido are enjoying the pleasure of having a good friend from the East visiting them. Violet Gaudette of New Bedford, Massachusetts, is staying for two weeks and seeing the "best" of California with their hosts. From San Francisco to Monterey, Carmel and Santa Cruz and then to Yosemite and finally maybe to Reno will give Miss Gaudette an idea of how wonderful California can be.

Manuel and Caroline Pavao and their children Shirley, Tommy and Beverly spent a recent week-end visiting friends in Santa Rosa and Sonoma. (but there is no place like home, right?)

A buffet supper was served by Ed and Fran O'Mara on the previous Saturday evening. Friends enjoying the convivial evening included: Mr. and Mrs. Edward L. Rose and Carol Ann; Mr. and Mrs. N. K. Turnbow; Mr. and Mrs. Ed Hughes and Marilyn; Mr. and Mrs. Herman Lambrecht; Mr. and Mrs. Don Hays; Mr. and Mrs. Bernie Joseph; Mr. and Mrs. Manuel Fontes, Adeline, Rodney and Cathy, and the O'Mara daughters, Wanda Rae, Deanna and Colleen.

PTA Asked For
Norris School

Mrs. John Silva, president of the Centerville Elem. School P.T.A., invites parents who have children in the Allen G. Norris School on Thornton Avenue to a meeting in the multipurpose room at the Allen G. Norris School on Tuesday afternoon, October 12, at 2:30 o'clock.

Mrs. Mary G. Rodriguez, a past president of the Centerville Elem. School and a member of the Centerville Board of Trustees, will be present to discuss the possibility of forming a P.T.A. unit for the new Allen G. Norris School.

Mr. and Mrs. Avilla and daughters of Newman visited at the home of Mrs. Avilla's aunt, Mrs. Caroline Martin and family in Niles Sunday.

AROUND NEWARK

brated 24 years of marriage on Wednesday, September 29.

Jack and Pat Binder and children spent last week-end in San Francisco visiting with Pat's parents, Mr. and Mrs. Thomas Casey. We read a newspaper article, recently, stating that the Thomas Caseys welcomed their 28th grandchild into their family. It probably isn't a record, but it sounds pretty good to us.

Tonight Newark's Cub Scout committeemen and den mothers will meet at the home of Mrs. Evelyn Jensen, 748 Cherry Road, at 7:30 p. m.

Cub Den mothers will gather at the home of Mrs. Jeanne Carroll this coming Monday evening at 7:30 p. m. to discuss plans for this Cub Pack meeting. Anyone interested in becoming a den mother is invited to attend.

Reminder — Tomorrow and Saturday, the Free Chest X-Ray Mobile Unit will be situated in front of the Post Office. No appointments are necessary. It just takes one minute of your time and all for your own well-being.

Democracy at work . . . industry leaders, businessmen, working men, housewives . . . drawn together by mutual interest in their community . . . and an invitation to form a Citizens' Committee to study incorporation. The committee got off to a good start . . . continued cooperation can nail this study down — fast. So much preliminary work already done . . . Coro Foundation ready to lend assistance . . . Ken Norris from Coro said, "whether you incorporate alone or consolidated is secondary — but something must be done quickly" . . . good reason for the committee to keep its nose to the grindstone. Anyone expecting fireworks or sparks to fly from special interest "grind-axes" went away disappointed . . . the pros and cons will come as the committee settles down to its real work . . . but we foresee friendliness continuing to prevail as the community representatives seek a common answer to a community problem . . . Gordon Cotton was elected to the big job as chairman . . . we don't envy him at all and neither do the other men who were nominated for the job and declined "with thanks" . . . we're sure Cotton will guide the committee fairly and impartially.

Mrs. Anne Caldeira celebrated her 79th birthday on September 27 and she was given a party by her family. Included in the group of well-wishers were: Mr. and Mrs. Antonio Silva, Mr. and Mrs. Bob Malone and Linda, Mr. and Mrs. Manuel Caldeira and Diane, Mr. and Mrs. Frank Caldeira, Jerry, Bob Caldeira and daughters, Virginia, May and Marge, Mrs. Emma Dias, Mrs. Caldeira and Miss Bernice Caldeira.

A wonderful time was had, taking in the sights of Monterey with lunch at Fisherman's Wharf, enjoying the sights of the 17 Mile Drive, seeing quaint Carmel and visiting the Carmel Mission. It was a pleasant way to pass a day for Clara Faria, Jennie Marks, Millie Guido, Emma Dias and Lillian Costa.

A change of scenery was enjoyed by Mr. and Mrs. Manuel Aguiar recently when they spent a week-end with Mr. and Mrs. Manuel Soito in their home in Warm Springs.

Anniversary greetings — Congratulations to Mr. and Mrs. John Souza who celebrated their 14th Wedding Anniversary last Tuesday — to Dwain and Eileen Wood who will be married 17 years this Saturday — to Orvil and Mary Haynes who will be happily recalling the day 20 years ago when they were wed, on Saturday the 9th — Everett and Marge Milani happily celebrated their 10th anniversary last night.

Mr. and Mrs. Frank Guido are enjoying the pleasure of having a good friend from the East visiting them. Violet Gaudette of New Bedford, Massachusetts, is staying for two weeks and seeing the "best" of California with their hosts. From San Francisco to Monterey, Carmel and Santa Cruz and then to Yosemite and finally maybe to Reno will give Miss Gaudette an idea of how wonderful California can be.

Manuel and Caroline Pavao and their children Shirley, Tommy and Beverly spent a recent week-end visiting friends in Santa Rosa and Sonoma. (but there is no place like home, right?)

A buffet supper was served by Ed and Fran O'Mara on the previous Saturday evening. Friends enjoying the convivial evening included: Mr. and Mrs. Edward L. Rose and Carol Ann; Mr. and Mrs. N. K. Turnbow; Mr. and Mrs. Ed Hughes and Marilyn; Mr. and Mrs. Herman Lambrecht; Mr. and Mrs. Don Hays; Mr. and Mrs. Bernie Joseph; Mr. and Mrs. Manuel Fontes, Adeline, Rodney and Cathy, and the O'Mara daughters, Wanda Rae, Deanna and Colleen.

Mrs. Anne Caldeira celebrated her 79th birthday on September 27 and she was given a party by her family. Included in the group of well-wishers were: Mr. and Mrs. Antonio Silva, Mr. and Mrs. Bob Malone and Linda, Mr. and Mrs. Manuel Caldeira and Diane, Mr. and Mrs. Frank Caldeira, Jerry, Bob Caldeira and daughters, Virginia, May and Marge, Mrs. Emma Dias, Mrs. Caldeira and Miss Bernice Caldeira.

Home Own's Form
Improvement Assn.
For Newark

A feeling that "something must be done" prevailed last week at the pre-organizational meeting of the Home Owners Improvement Association of Newark.

The Association made its appearance on the scene seeking civic betterment when it held its first meeting last Tuesday in the Newark Community Center.

Everett Ezra was seated as chairman pro-tem and Mrs. Evelyn Jensen as secretary, pending election of permanent officers at the next meeting. Ezra appointed a three-man nominating committee: Roy Jensen, Jack Conger, and George Silliman.

The Home Owners Improvement Association will hold quarterly meetings on the fourth Wednesday of January, April, July and October. Membership in the Association will be open and dues were set at one dollar per year.

Ezra, key man in the formation of the H.O.I.A., commented that he expects "possibly some friction and ill feeling" to arise as it tackles such issues as sidewalks, incorporation, streets and lights, but he maintained that it is the intention of the Association to work for the "total community good."

CENTERVILLE
SCHOOL NEWS

Glen Camper's seventh grade has been studying China so on September 24 students were taken on a field trip to the largest Chinese settlement outside of China, San Francisco's Chinatown.

The students were taken on a guided tour by a Chinese guide. The class was accompanied by Glen Camper and Philip Brazil.

The seventh and eighth grade boys attended the Stanford — Illinois football game last Saturday afternoon.

The boys were accompanied by Principal Tom Maloney and Philip Brazil.

Attendance at these games has been made possible through the cooperation of the Athletic Department Stanford University, the Centerville School Board of Trustees, and Centerville School P.T.A.

Wool Growers Meet

First regular fall meeting of the Alameda County Wool Growers Association will be held at Don's at Dublin on Thursday evening, October 14.

Speakers on the program include Mrs. M. L. Overacker, Mission San Jose, with a report on the "Make It Yourself with Wool Contest," and Earl Warren Jr., Farm Advisor.

WOMEN'S GUILD PARTY

The Catholic Women's Guild of Niles are having their annual dinner for the Corpus Christi Church on October 20, at the Newark Pavilion from 6 to 9 p.m. For reservations call Mrs. Viola Dias, Niles 3915.

"You Have The Key"

WASHINGTON HI students and trustees ask "yes" vote on 50-cent school tax at October 19 election. Failure to approve a similar tax last May this year will force the school to padlock its new shop buildings for lack of instructors, says Supt. J. V. Goold.

New Union Oil Plant A-Building

Cement was poured this week for a new \$50,000 Union Oil plant on Baine Avenue, Centerville.

William Clark, manager here for Union Oil, said the new distribution point will replace one built on the same site in 1914.

and recently demolished.

Fuel tanks of 100,000-gallon capacity replaced older, smaller one a month ago. The new plant features a modern office and large covered storage space, Clark said.
